Title: Distribution and risk of all second primary cancers combined after a specific first primary cancer in German and Swedish cancer registries

Cancer Letters

2014 Impact Factor is 5.621

Dear Dr Guo,

You agreed to review Manuscript Number CAN-D-15-01219 for Cancer Letters on Jul 24, 2015. Just as a reminder, your review of this manuscript is due by Aug 07, 2015.

Please note that, if present, we ask you to include Highlights and the Graphical Abstract in the reviewing process.

I would be grateful if you would submit your review as soon as possible at the Elsevier Editorial System at <http://ees.elsevier.com/can/>.

You may access the submission record in the "Pending Assignments" folder on your Main Menu page. Please click on the "Submit Reviewer Recommendation" link to submit your reviewer comments to the author and Editor.

There you will find spaces for confidential comments to the editor, comments for the author and a report form to be completed. Please comment where appropriate on the logic and presentation of the key idea(s), the quality of the references, whether the author seems to have published work relating to this paper in the past and the quality of the English language. Constructive comments are particularly helpful to authors when revising this manuscripts.

We would be grateful if you would complete the review within ten working days, i.e. before Aug 07, 2015. Please let us know if you anticipate any problems with this time-scale.

Thank you in advance for your cooperation.

You can easily reach author references via the "View Linked References" link in the Action menu or via the Scopus search bar. If "Not Checked" is displayed, this means that either the reference is not a journal reference (eg book reference) or the reference could not be found due to missing elements. Note that reference links can only be generated if the author has provided MS Word files.

For further information on how to submit your recommendation and comments, see: http://help.elsevier.com/app/answers/detail/p/7923/a_id/133

As a reviewer you are entitled to complimentary access to Scopus and ScienceDirect for 30 days. Your 30-day access can be activated in your "Pending Assignments" page in EES and you have 6 months to activate it. From the Scopus search bar on your "Pending Assignments" page you can access Scopus directly and from there seamlessly access full text articles on ScienceDirect. You can also access Scopus and ScienceDirect directly via www.scopus.com/reviewers, using your EES Username and Password.

Cancer Letters operates a manuscript transfer service to relevant title[s] in the field. This service gives authors the option, if they are unsuccessful in their original submission, to decide to have their manuscript transferred to another relevant journal without the need to resubmit or reformat.

We recognize that you are the experts in the field and we want to ensure that our editors fully utilize your comments and guidance. As such, your reviewer reports will also be internally transferred along with the manuscript to the editor of the receiving journal. This will also help to eliminate the risk of you receiving the same manuscript twice.

If you would prefer that your reviewer report is not transferred, you will be able to untick the agreement to transfer box when submitting your review.

Overall with this service we are aiming to help facilitate and develop fast, effective and truly innovative solutions to improve the overall manuscript submission and peer review process for all individuals concerned.
