RE: JTO-D-15-01083R2, entitled "Exhaled Breath Analysis for Monitoring Response to Treatment in Advanced Lung Cancer"

Dear ***** ,

I am pleased to inform you that your work has now been accepted for publication in Journal of Thoracic Oncology. We need clarification items before we can proceed with publication.

1. The JTO policy is to have only one corresponding author. Please let us know who will serve as corresponding

author.

2. The following authors have not verified their authorship. I have resent the email with the link to the author questionnaire.

Naomi Gai-Mor
Maya Ilouze
Amir Onn
Jair Bar

3. Rossie Navon is included on the title page of the manuscript but not entered into Editorial Manager as a co-author. Please verify whether Rossie Navon is a co-author. If so, we would need a disclosure statement from this co-author.

Thank you for your cooperation. I look forward to your response, especially in relation to #1 and #3.

Thank you for submitting your interesting and important work to the journal.
