Dear Dr Shicheng Guo:

Thank you for reviewing the above manuscript, entitled "Epigenetic Biomarkers in Colorectal cancer: premises and prospects" for BIOMARKERS.

We greatly appreciate the voluntary contribution that each reviewer gives to the Journal. We hope that we may continue to seek your assistance with the refereeing process for BIOMARKERS, and hope also to receive your own research papers that are appropriate to our aims and scope.

Sincerely,
Professor Martin Mockel
