Dear Shicheng Guo,

This is Jennifer Zhang from the organizing committee of **14th Annual Congress of International Drug Discovery Science & Technology - 2016 (IDDST-2016)** I apologize for the inconvenience if the letter disturbed you more than once. I have sent you an invitation letter concerning the oral presentation at this congress but unfortunately without hearing from you.

Since we have learnt that you are making some breakthrough about Quantitative assessment of the diagnostic role of APC promoter methylation in non-small cell lung ca..., the organizing committee cordially welcomes you to be a Chair/Speaker and give a speech in the Session 3.5.1: Discovery New Biomarkers for Drug Discovery or you could choose a forum you are most interested in the program. For more information, please visit the conference website at <http://www.iddst.com/iddst2016/default.asp>

IDDST-2016 will take place in International Youth Convention Hotel, Nanjing, China during November 16-19, 2016. It is invited to be a joint event with the celebration of the 80th anniversary of the founding of China Pharmaceutical University, located in Nanjing, China.

Beside the main conference, this year IDDST will also implant 7 concurrent congresses designed to add value to the branded annual event as below.

- The 6th Annual International Congress of Medicchem
- The 6th Annual International Symposium of Drug Delivery Systems
- The 9th International Symposium of Cancer Immunotherapy
- The 6th Annual World Congress of Microbes
- The 9th World Congress of Regenerative Medicine and Stem Cells
- The 1st Annual World Congress of Modern Chinese Medicine
- The 4th Annual World Congress of High-Tech Acupuncture and Integrative Medicine

We expect to approach more than 4,000 experts from 80+ countries to join in the whole event and you can enjoy other 7 concurrent congresses for Free with Only Registration of IDDST-2016. So far we have received 2000+ positive feedbacks in which 800+ already registered to confirm their participation.

IDDST-2016 is to pave the way for future research challenges and will serve as a platform to exchange new research, ideas and to discuss developments, applications and business prospects in all areas of Drug Discovery. If you have any precious suggestions on IDDST or if you are ready to attend the event, please reply this email and send your speech title to us at your earliest convenient. We look forward to meeting you in Nanjing!

We look forward to seeing you in Nanjing next late autumn for a stimulating and enjoyable conference!

Sincerely yours,

Jennifer Zhang
Organizing Committee of IDDST-2016
