Authors: Juan Pablo Lopez, Alpha Diallo, Cristiana Cruceanu, Laura M. Fiori, Sylvie Laboissiere, Isabelle Guillet, Joelle Fontaine, Jiannis Ragoussis, Vladimir Benes, Gustavo Turecki and Carl Ernst  
Title: Biomarker discovery: Quantification of microRNAs and other small non-coding RNAs using next generation sequencing  
Journal: BMC Medical Genomics

Dear Dr Guo,

Many thanks for your help with the above manuscript. This is just a quick note to let you know that in the light of your and the other referees' advice the manuscript has now been accepted for publication in BMC Medical Genomics.

With best wishes,

Mr Ervin Cenzone  
on behalf of Dr Patrick Tan
